Operation Center 1
Functional space in direct proximity to the flight and freight areas
Operation Center 1

The centrally located rooms at Operation Center 1 are very close to flight operations and are secured by access control.

This functional services building has direct access to the secured flight operations area as well as a large atrium that serves as a meeting point for airline crews and airport employees. A cafe and a smoking lounge are also available for employees and visitors.

During office hours, your visitors will be greeted personally at the reception desk. Operation Center 1 is also optimally connected to rail and bus services and is easily accessible for private vehicles.

BENEFITS
• Modern infrastructure with high fit-out standard including communication cabling and IT services.
• Secured access with reception desk staffed from Monday through Friday, 8:00 a.m. to 5:00 p.m.
• View of flight activities.
• Access to car park 6 through a connecting corridor.
• Optimum transport connections to motorways, train stations and the bus terminal/trams.
• Attractive shops, restaurants, and services as well as a Fitness Center, all within walking distance of the airport.
• Cafe/bar in the Atrium.

FACTS
• 20,000 m² of space on nine floors.
• Small to medium-sized offices; space can be divided flexibly.
• Information on available spaces and prices upon request.
