Terminal
Offices in the most heavily frequented location at the heart of the airport
Terminal

Space in the terminal is located where footfall is greatest and offers direct contact to flight operations and passengers.

An office in the terminal ensures that you benefit from the maximum accessibility. The modern design and flexible floor plan fulfil all the requirements of any contemporary head office.

The terminal offers numerous restaurants, attractive shopping opportunities, and a variety of airport service providers. A central approach road and direct connections to public transport ensure optimum accessibility.
