Children's Birthday Party

Discovery Tour for Young Aviation Fans

Surprise your child with a very different kind of birthday party – on a special tour at Zurich Airport. The birthday child and friends will tour exciting attractions at the airport and enjoy a unique party to finish.

Shrieks of joy and expectant eyes when tearing open gifts, cake-covered hands and faces ... all are features of a traditional children's party. Zurich Airport offers a different type of programme that is just as much fun. Birthday guests can look forward to exciting adventures and fascinating take-offs and landings. Of course, a birthday party at the airport also includes a birthday cake!

An exciting programme from start to finish

The adventure starts at Zurich Airport's Arrival 2. A tour guide and a member of the Family Services team will accompany the excited children through the security check directly to the Observation Deck. There they can play in the Kids Airport playground against an impressive backdrop of aircraft movement and, for a better view, try out the unique binoculars. Later, the guides will explain the runway system and provide plenty of information about Zurich Airport.

The journey continues on board an airport tour bus. The first stop is at the intersection of runways 10/28 and 16/34, where the children may leave the bus to watch the aircraft take off and land. Few places in the world offer the opportunity for visitors to be so close to the action.

The bus will then drive past Emergency Services to the Winter Services building. The enormous snow-clearing vehicles, up to eight metres wide, are parked in the Airfield Maintenance area. The bus will pass by large hangars and the Airside Center and drive through the tunnel to Dock E. The children can ask questions throughout the bus ride. All of our tour guides have years of experience in airport operations and can answer the questions simply and clearly.

The bus ride ends at Dock E, where more surprises are in store. The birthday party will be held in a party room with plenty of toys and games as well as painting and craft tables. The birthday cake will be served – with candles and drinks – at a decorated table. The children can make their own airport badges and play to their heart's content. The Family Services team will supervise the children, organise games and serve the refreshments. To finish, the children will walk and take a short ride on the Skymetro back to the original meeting point at Arrival 2.
